PRODUCT/SERVICE BACKGROUND INFORMATION

Achieve targeted delivery and sustainable release for a 2 in 1 complementary active ingredient.

WHAT IS THE COMPANY INTRODUCING TO THE MARKET/INDUSTRY?

Corum represented by Barentz North America

HOW WILL THIS NEW PRODUCT/SERVICE IMPACT THE INDUSTRY (BENEFITS)?

NeoC 101 is a patented Vitamin C derivative that delivers advanced skin brightening, tone correction, and radiance. It provides powerful antioxidant protection, anti-inflammatory benefits, and cellular defense against UV-induced damage. NeoC 101 supports collagen production in the epidermis and dermal-epidermal junction (DEJ) for improved skin health. Its innovative delivery system penetrates up to 120 µm, creating an epidermal reservoir for controlled, 24-hour sustained release and continuous skin benefits.
