

SOCIETY OF COSMETIC CHEMISTS

CALL FOR PARTICIPATION

2009 TECHNOLOGY SHOWCASE

In conjunction with the Annual Scientific Meeting
December 10-11, 2009 10:00 a.m. ~ 4:30 p.m.
The New York Hilton & Towers Hotel, New York City

THE TECHNOLOGY SHOWCASE RUNS FOR TWO DAYS

Our members have a continual need to maintain their current awareness of new materials, emerging technologies, innovative services, and state-of-the-art equipment in their pursuit of developing tomorrow's cosmetic and OTC products. The "Technology Showcase" was begun to provide a forum for the chemists and scientists of suppliers and contract laboratories serving the personal care industry to present their most recent developments in a poster format. This "Showcase" combines the details of a scientific poster session with the pragmatic directness of a commercial exhibit (trade names, demonstration prototypes, and supportive literature presented). This venue as a part of the Society's Annual Scientific Meeting enables it to be an effective information medium for cosmetic scientists.

Participants are invited to present their information in a poster format (4' x 8') to include experimental data, graphs, illustrations/photos, and prototypes on the technical attributes of the featured product or technology. Complete trade names as well as the INCI nomenclature is requested for ingredients. More comprehensive information on the poster presentations will be made available after the abstracts have been accepted.

Companies wishing to participate are to submit an abstract of approximately 150-200 words of their intended presentation to the Committee on Scientific Affairs (COSA) on or before **September 15, 2009**. Abstract Cover Sheets can be obtained by contacting the SCC National Office via phone at 212-668-1500 or may be printed from our website www.sconline.org. The abstract and cover sheet should be mailed to SCC Technology Showcase, 120 Wall Street, Suite 2400, New York, NY 10005 or emailed to bcowen@sconline.org. **Email submission is preferred.** Abstracts that are emailed must be in a Word Document format only. Abstracts will be reviewed on a "first come-first served" basis as the "Technology Showcase" is limited to the number of posters allowed. There is a flat fee of \$1,000.00 per poster. The fee does not include any Meeting Registrations per poster. Company representatives will be required to register for the Annual Meeting. Notification of acceptance will be made by October 15, 2009 and payment must be made in full by November 15, 2009.
