## LETTER FROM THE CHAIR:

Greetings from the Carolina Chapter! 2022 is off to a quick start, how is it March already? Covid-19 continued to impact all of us in 2021 however we were able to enjoy gathering for the first time in almost 2 years at Firestone Country Club in November. We had an informative technical talk from Amanda Nobbe of Burt's Bees on **"Sensory Science 101"** followed by our 2022 Office installation event. In addition to myself and Chair-Elect Cheryl Seidell we welcomed Ashley White as Secretary and Angie Paez as Treasurer to the 2022 Board. We would also like to give a special thank you to Sam Klingkeo who has graciously offered to help us with our website this year.

2022 will be an exciting year as we return to the beautiful Kiawah Island Resort in South Carolina for our Naturally Kiawah event, October 5<sup>th</sup> -7<sup>th</sup>. We look forward to having many participants join us in this gorgeous setting to learn about natural and sustainable technologies for the personal care industry. Information and registration for this event will soon be on our website. Our first meeting this year will be a virtual Tech Talk on March 22<sup>nd</sup>, 11am- 12pm. Brittany Pease with Inolex will be presenting **"Bridging person care and environmental care: A holistic approach to ingredient selection"**. This will be a webinar available to SCC Members at no cost and we hope you can join us. We will soon be announcing in person events for the remainder of the year so keep an eye out for those details soon.

If you would be interested in becoming more involved in our Chapter please contact us at [scccarolinas@gmail.com](mailto:scccarolinas@gmail.com). There are opportunities to help with our Kiawah event, newsletter, and it's not too early to consider joining the 2023 Board!

Regards,

Amy Carter

## SCC Accepting Applications for Madam C.J. Walker Scholarship Generously Sponsored by Mary Kay Inc.

**New York, NY** (March 1, 2022) — The Society of Cosmetic Chemists (SCC) is pleased to announce the acceptance of applications for the Madam C.J. Walker Scholarship. First awarded in 2021, and funded by the generous support of Mary Kay Inc., the scholarship supports under-represented minority students of any gender identity pursuing an undergraduate or graduate degree in chemical, physical, medical, pharmaceutical, biological, or related sciences and technology, relative to the cosmetics and personal care industry. Two USD\$5,000 scholarships will be awarded again this year. The application period will open beginning March 1, 2022, and close on May 1, 2022. The Scholarship Selection Committee will select and notify the awardees on or about August 1, 2022.

Madam C. J. Walker (born Sarah Breedlove; 1867-1919) was an American entrepreneur, philanthropist, and political and social activist. She is regarded as the first female self-made millionaire in America. Walker made her fortune by developing and marketing a line of cosmetics and hair care products for black women through the business she founded, Madam C. J. Walker Manufacturing Company. At the time of her death, she had helped create the role of the 20th Century, self-made American businesswoman; established herself as a pioneer of the modern black hair-care and cosmetics industry; and set standards in the African-American community for corporate and community giving. Learn more at [madamcjwalker.com/about](http://madamcjwalker.com/about).

"Madam C. J. Walker is an icon who spent her entire career breaking through barriers to become one of the nation's greatest entrepreneurs despite the many obstacles that stood in her path," said Dr. Lucy Gildea, Chief Innovation Officer, Product and Science at Mary Kay. "It is important that we continue to honor her legacy by supporting young, minority scientists. By partnering with SCC and creating the Madam C.J. Walker scholarship, we hope to inspire and empower the next generation of student scientists who want to follow in Walker's footsteps."

In addition to the \$5,000 scholarships, each awardee will receive a travel voucher, accommodations, student poster, and registration to attend the SCC 76<sup>th</sup> Annual Scientific Meeting & Showcase, December 12-14, 2022, in Los Angeles, CA, where they will be presented with a ceremonial scholarship check at the Awards Breakfast. Last year, the awardees had the pleasure of meeting Madam Walker's great-great granddaughter and biographer, A'Lelia Bundles, at the breakfast.

"The SCC is grateful for the ongoing, generous support of our scholarship sponsor, Mary Kay Inc., as we pursue our efforts to support diversity and inclusion for under-represented populations in the cosmetics and personal care industry," said Erica O'Grady, CAE, CEO of the Society. "We are thrilled to continue this important scholarship program and honor the legacy of the legendary Madam CJ Walker."
