

# Ohio Valley Chapter of the Society of Cosmetic Chemists

## February Meeting Information

Wednesday February 13<sup>th</sup>, 2008

### "An Introduction to the Art of Perfumery"

*Presented by Julien Plos and Virginia Hutchins*

Flavor and Fragrance Research & Development  
Procter & Gamble

### Location: Hofbräuhaus Newport

200 E. 3rd Street  
Newport, KY 41071  
859-491-7200

5:30 – 6:15 pm Registration / Social Hour  
6:15 – 7:00 pm Presentation  
7:00 – 8:00 pm Dinner

### Registration Information

	Before 2/8	After 2/8
Members	\$35	\$45
Non-members	\$45	\$55
Students	\$15	\$25

\*\*\* Easy registration & payment at [www.ovscc.org](http://www.ovscc.org) \*\*\*

**Abstract:** This talk will cover the basics of the art of perfumery including:

- The history of perfume
- The sense of smell
- Definitions of ingredients and processes
- The perfumers palette
  - Odor families
  - Raw materials
- Fine fragrance families
- The perfume process and development timeline

**About the presenters:** **Julien Plos** joined Gillette in May 2004 in the UK and in 2005 transferred to the Fragrance Department in Boston as a Fragrance Technologist. Following the merger with P&G, he joined the Flavors & Fragrance Organization and is currently a perfumer-in-training working on beauty products. Julien has a Master's degree in Chemistry and Perfumery.

**Virginia Hutchins** joined P&G in 1995 in Product Supply Engineering. She is currently a perfumer-in-training in the Flavors & Fragrance Organization. She has worked on perfume development for Laundry, Baby Care, Feminine Care, Family Care and is currently working on Beauty products.

## ***Ken's Korner***

I'd like to welcome everyone to a new and what I hope will be a fun, yet educational year for the membership of the Ohio Valley chapter. I'd like to start off by thanking the outgoing board for all of the great work they did in serving the chapter and representing our interests to the National organization. I'd especially like to thank out-going Chair Jim Staudigel for all his time and effort to make last year such a success.

As I look forward to this year, one of my goals is to make our meetings not only informative and interesting for as broad of a cross-section of the chapter as possible, but to also inject a little bit of fun. I recognize that it is a sacrifice that all of you make when you attend these meetings, taking time away from your families in order to strengthen your professional networks and expand your knowledge. I also don't want to go too far to the point of making these meetings campy or silly. With this balance in mind, I'd like to introduce the idea of themes for our meetings, where we try to tie the topic to a given theme for the evening. For our first meeting, the theme is Valentine's Day Eve since we are meeting on February 13<sup>th</sup>. In keeping with this theme, our topic will be all about perfume and the science behind it. I'd also like to encourage the membership to wear something red that evening in keeping with this theme. If you have any ideas for themes or topics you'd like to see covered, please contact any one on the board (contact information can be found in this newsletter or on the website [www.ovscc.org](http://www.ovscc.org)). Your board will also be meeting to brainstorm some potential topics for the chapter meetings, which we will send out to the membership for consideration. There will be a lot of returning favorites this year, including our highly successful golf outing in October and our Student's Night presentations.

Another goal of mine is to increase the number of members that are actively involved in the chapter. Whether it's helping out with the golf outing or running for office next year, there are a lot of areas where people such as you can have an impact. It really doesn't take a lot of time or effort to make a contribution to the chapter.

In 2006, the National organization started a membership retention contest, which was designed to encourage the individual chapters to get members to renew their membership before the end of the year. The three chapters with the highest percentage of renewals get a nice bit of money for their respective chapters. We competed well the first year, but this last year we were in a tie for 9<sup>th</sup> place, with only a 73% renewal rate. For those who missed the deadline for renewing your membership or no longer wish to be a member of the Society, please take the time now to contact National to either renew or resign your membership. If you resign from the Society, you can rejoin at any time without penalty, but if you are dropped for non-payment, you will be charged the current fees plus the fees from the year you were dropped. Let's try and win the membership drive next year!

See you all on February 13<sup>th</sup> and don't forget to wear red!

*Ken Kyte*

#### **SOCIETY OF COSMETIC CHEMIST BENEFITS:**

Membership in the Society of Cosmetic Chemists entitles you to many benefits including; The Official Journal of the SCC six times a year, member rates for meeting registrations and CEP courses and **FREE** access to "Ask the Expert". Membership to the Ohio Valley Chapter of the SCC entitles you to all the benefits mentioned above, plus access to low cost subsidized educational events like CEP courses which as an OVSCC member the registration fee is significantly reduced.

Dedicated to the advancement of cosmetic science, the Society strives to increase and disseminate scientific information through meetings and publications. By promoting research in cosmetic science and industry, and by setting high ethical, professional and educational standards, we reach our goal of improving the qualifications of cosmetic scientists. Our mission is to further the interests and recognition of cosmetic scientists while maintaining the confidence of the public in the cosmetic and toiletries industry.
